Every Lighthouse policy is built with dependable coverage you can trust.

Our North Carolina products

**HOMEOWNERS INSURANCE**

Homeowners insurance is the most important step you can take to protect your home and belongings. A Lighthouse policy offers both property and liability protection.

**Property:**
We cover loss or damage to your home, additional structures and personal belongings. This includes damage from sudden events such as hurricane, fire, lightning, windstorm, hail, explosion, smoke, vandalism, theft and more. If your home can’t be lived in after a disaster, we will cover increased living expenses while your home is being repaired.

**Liability:**
Lighthouse policies include personal liability coverage, which helps protect you and your family. This includes coverage for medical costs, legal expenses and property damage when you are found liable, or legally responsible, for damages or injuries to others at your home.

**Additional Protections:**
Our policies were designed for the unique insurance challenges North Carolina homeowners face. Because of this, we offer a variety of options to suit your specific needs. Discuss these options with your agent to tailor the best policy for you and your family.

**Available homeowner discounts include:**
- Age of dwelling
- Claims free
- Companion policy
- Golden age
- New purchase
- Protective device
- Secured community
- Wind mitigation

**Additional optional coverages include:**
- Additional personal property (jewelry, silverware, etc.)
- Earthquake
- Equipment breakdown
- Extended theft
- Golf cart (physical damage)
- Identity theft expense and resolution
- Personal property replacement cost
- Refrigerated personal property
- Special computer
- Structures rented to others
- Water backup and sump overflow

**DWELLING FIRE INSURANCE**

A Dwelling Fire policy protects owner-occupied and rental residences by offering dwelling coverage. Our policy protects against hazards such as fire, hurricane, windstorm, lightning, and other perils. To tailor this policy to meet your needs, optional personal property and personal liability coverage may be added.

**FLOOD INSURANCE**

Physical damage to your property from flooding is not covered under a standard Homeowners or Dwelling Fire policy and requires a separate insurance policy. This Flood policy covers damage from the overflow of inland and tidal waters, mudflow, and rapid, unusual accumulation or runoff of surface water. This can include flooding from surface water sources such as rivers, lakes, wetlands, and oceans or rainwater that cannot drain into an existing drain system.
